

Getting more Spider-Man loves Mary Jane books

By: Leah B.

I want you to make more Spider-Man loves Mary Jane books because: First, they are very famous in my classroom with all twelve girls in this class. I see at least three girls every day try to get some Spider-Man loves Mary Jane books, even I try and never have a success. Next, they are super good books that, sometimes I see BOYS with those books. Then, I like the part where it gets romantic in the library. It gets mysterious and I like that mysterious part. Last, the part when she gets crowned QUEEN, that was pretty amazing, plus, being QUEEN is like, the best thing in the WORLD. I hope this convinced you enough.
